

Arjun Mehta

Junior DevOps & Cloud Engineer

Email: arjun.mehta@example.com | Phone: +91 98765 99887

PROFESSIONAL SUMMARY

Enthusiastic DevOps Engineer focused on infrastructure automation, cloud orchestration, and CI/CD. Hands-on experience with AWS, Docker, Kubernetes, Terraform, and Linux administration.

TECHNICAL SKILLS

AWS (EC2, S3, EKS), Docker, Kubernetes, Terraform, GitHub Actions, Linux (Ubuntu), Bash, Prometheus

WORK EXPERIENCE

Cloud DevOps Intern - InfraTech Systems (Mar 2024 - Present)

- Automated AWS infrastructure provisioning using Terraform scripts.
- Containerized legacy web applications with Docker and deployed to Kubernetes clusters.
- Set up GitHub Actions CI/CD pipelines for automated testing and deployment.

PROJECTS

Automated Kubernetes Cluster Setup with Monitoring

- Deployed production Kubernetes cluster with Prometheus and Grafana alerting.
- Created zero-downtime rolling update deployment workflows.

EDUCATION

B.Tech in Computer Engineering - Pune University (2020-2024)
